Rosella from Italy, Methodology and Language 2015 – *"I had kept on thinking "I'd like to do a refresher teacher training course" for a long time and finally I made up my mind and thankfully I chose St George International. During the course, Methodology and Language, I was taught new teaching techniques and resources, as well as different methods to use and practise them. And you know what? It works! My professional skills took a major step forward. I cannot overlook the social programme: I was able to make some new English-speaking friends and breathe the magic atmosphere of London! Thanks SGI!"*
