

SGI – Where Quality actually does mean Quality.....

.....where the teachers are also teacher trainers.....

A key factor to SGI's teaching excellence is that our core group of **teachers** are also **advanced teacher trainers**! Something almost unique among Central London schools....

Did you know.....

- Since 1995, **SGI's teacher training staff** have been preparing experienced English teachers to take the **Trinity College London TESOL Diploma**, an advanced English Language teaching qualification, equivalent to a Master's degree and one that leads to senior positions within the ELT industry.

Have a look at some of our teacher/teacher trainer profiles
