

SGI Young Learner courses in Regent's Park, London Young Communicators 6 to 9 years Young Explorers 10 to 17 years

08 JUNE – 28 AUGUST 2020

SGI Young Learner courses are designed to improve confidence and fluency in English, and develop life skills such as teamwork, respect and responsibility. We recognise that every student is a unique individual – each participant is encouraged to maximise their own potential.

The courses are carefully designed to focus on communication skills and building confidence. Students are given plenty of opportunity to speak in class and will be able to develop their ability through a number of interesting learning activities.

Teachers are knowledgeable, warm and friendly and work very hard to give you a truly rewarding experience. They use a range of professional learning materials to help each student maximise progress while developing skills to improve their learning of English even after the course ends.
